Cancellation of ETC3 : 15th to 18th April 2020 Slovenia

Dear ETC3 Team Managers

It is with great disappointment that the European Squash Federation and the Slovenian Squash Association announce the cancellation of the European Team Championships Division 3 as a result of the COVID-19 Coronavirus outbreak.

We were informed last night that the Slovenian authorities have enforced an order as from 10th March prohibiting indoor public gatherings in Slovenia for over 100 people.

The purpose of this communication is to provide factual information. Further details regarding finances and other arrangements will be available in due course.

The ESF Board are actively liaising with Championship and circuit event hosts on a daily basis, and information will be cascaded to Members as appropriate.

Please keep Thomas Troedsson updated on your current situation. Thomas is the point of communication for all MNFs with regards to this matter.

With kind regards

Thomas Troedsson
