To: All participating U15/U17 Team Managers

Copy: England Squash. University of Nottingham. ESF Board. ESF Championship committee. WSF.

CANCELLATION of U15/U17 European Team Championships : 7th-10th May 2020 England

Dear U15/U17 participating Member Nations

European Squash Federation and England Squash, together with host The University of Nottingham, are sincerely disappointed to announce the cancellation of the U15/U17 European Team Championships due to a recent Government press release regarding the prolonged and unknown consequences of the COVID-19 Coronavirus outbreak.

Please share this information immediately so teams and parents are appropriately informed of this announcement.

Please could Team Managers send the ESF office a note of the costs committed so far per team. We recommend airlines are contacted to establish whether flights can be changed or reimbursed. Please note that although travel costs will not be reimbursed by the host or ESF, we would still find this information useful. Further details regarding finances and other arrangements will be available in due course.

The ESF Board remain fully committed to the health and welfare of players, hosts and officials, whilst taking the advice of Governments and health officials. Further information will be shared online as appropriate.

Thomas Troedsson is the ESF lead contact for all COVID-19 Coronavirus. Please keep Thomas updated of developments in your nations.

With kind regards

Thomas Troedsson
Vice President Chair of the Championship Committee
